Families,

As you are aware, these are unprecedented times we are living in. COVID-19 has upended daily life in both big and small ways; just as your family is adjusting to this strange new reality, so is Camp Wild Life. We understand the need for childcare, especially considering the closure of public schools, and it's been our goal to continue providing it.

Since 2011, Camp Wild Life has been guiding the Wasatch Front's youth on a path towards lifelong conservation, environmentalism and ecological awareness. We've been leading kids on mountain hikes, teaching them how to recycle, going on educational field trips, and more for almost a decade. Simply put, no other childcare organization in Utah does what we do – and we're proud of that. More so, we're proud of the kids we teach and learn alongside with every day; without them, we're not Camp Wild Life.

**We're reaching out to you today to ask for your help.** Our enrollment numbers have dropped substantially since the pandemic began, putting our program in jeopardy. We're hopeful that our fundraiser will cover staff salaries, teaching materials and future field trips. Our goal is to raise \$35,000 so that we can continue to teach and lead when the pandemic ends. Even just \$10 can make a huge difference for our program!

On behalf of the Camp Wild Life and St. John's CCDC family, thank you!
